

## Monthly Horticulture Hint

*By The Garden Club of Green Cove Springs*

### Decorating for Holidays from Your Own Yard

The cost of purchasing fresh greenery can stifle your holiday cheer. Why not "shop" in your own back yard?

Grab pruners and snip branches to add to your creations

Put down foil, wax paper, parchment paper to prevent sap from getting on your furniture.

Put a layer of the snipped greenery down.

Holly, pine, pinecones, and/or magnolia leaves work well. Choose a theme - candles, balls, ornaments, and add them.

Remember, it is easy to decorate with Mother Nature.
