

Membership Application

The Garden Club of Green Cove Springs is a non-profit, charitable, and educational association.

Persons eligible must take an active interest in gardening, and must promote the objectives of the club. Your support helps us continue to promote interest in the fine art of gardening, their design and management, to promote protection of native plants and birds, to encourage civic beauty and roadside improvements and to stimulate the knowledge of the artistic use of plant material. In addition, we hope to provide fun and educational programs to the community. Prospective members must attend at least one meeting before becoming a member.
